

## About Us

Target Metal Products sells and distributes quality HVAC products for a variety of applications. All of our products are manufactured to SMACNA standards and come in an assortment of shapes from round to rectangular to spiral duct pipe and fittings. Our primary goal is to meet the diverse needs of engineers and contractors in the HVAC industry.

To better serve our customers, we also cater to the industrial and commercial markets by offering custom made sheet metal products.

We strive to meet and exceed our customers' expectations by providing them with the highest quality products and exceptional service.

## Round Spiral Pipe

Our spiral pipe is available from 4" to 102" diameter, 28 gauge to 16 gauge and up to 14 gauge G60/G90 galvanized, satin coat, stainless steel and aluminum for a number of applications.
